

# COVID-19 Impact and Recovery Report: Travel-Related Measures

Updated: February 9, 2022

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. **Travel-Related Measures:** A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada's website: <https://caen-keepexploring.canada.travel/covid-19-traveller-guidance>
2. **Methodological Notes:** An explanation of the methodologies in the different sections and relevant sources.

## 1. TRAVEL-RELATED MEASURES

Please consult the Government of Canada website for the latest federal travel requirements: <https://travel.gc.ca/travel-covid>. Below is a summary of recent updates to federal travel requirements and advice:

- Pre-arrival testing is required for all travellers entering Canada, regardless of the length of trip. In addition, all fully vaccinated travellers arriving by air, including Canadian citizens and permanent residents, may be subject to arrival testing. Fully vaccinated travellers will be required to quarantine while they await the results of their arrival test if they have been outside of Canada or the US in the last 14 days.
- The Public Health Agency of Canada is advising travellers, regardless of their vaccination status, to avoid non-essential travel internationally.
- Travellers aged 12 years and older, with very limited exceptions, are required to show their [Canadian COVID-19 proof of vaccination](#) to depart from Canadian airports, on VIA Rail and Rocky Mountaineer trains, and on non-essential passenger vessels (e.g. cruise ships) on voyages of 24 hours or more departing from ports in Canada. To qualify as fully vaccinated, travellers must have received the full series of an accepted COVID-19 vaccine (or a full series of a combination of accepted vaccines), with the last dose at least 14 full days prior to the date of travel.

In addition to federal government travel requirements, individual provinces and territories have implemented measures on travel between provinces and territories. The table below outlines self-isolation requirements for domestic and foreign travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information, collected by provincial and territorial tourism marketing authorities and relevant tourism departments, is current as of February 9, 2022.

## Travel Measures

	Traveller self-isolation required?	Travel restrictions?
<b>British Columbia</b> <sup>1</sup>	<p>No self-isolation for domestic travellers entering British Columbia.</p> <p>No self-isolation upon entering British Columbia for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering British Columbia, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering British Columbia. Some Indigenous communities in BC are not welcoming visitors at this time. <a href="#">Indigenous Tourism BC</a> has a list of Indigenous experiences in the province that are currently open and welcoming visitors.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to British Columbia provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<b>Alberta</b>	<p>No self-isolation for domestic travellers entering Alberta.</p> <p>No self-isolation upon entering Alberta for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Alberta, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Alberta.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to Alberta provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<b>Saskatchewan</b>	<p>No self-isolation for domestic travellers entering Saskatchewan.</p> <p>No self-isolation upon entering Saskatchewan for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Saskatchewan, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Saskatchewan.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to Saskatchewan provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<b>Manitoba</b> <sup>2, 3</sup>	<p>No self-isolation upon entering Manitoba for fully vaccinated domestic travellers. Partially vaccinated or unvaccinated domestic travellers must complete a 14-day self-isolation. Unvaccinated children under 12 years of age of fully vaccinated domestic travellers are exempt from self-isolation.</p> <p>No self-isolation upon entering Manitoba for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Manitoba, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>No travel restrictions for fully vaccinated domestic travellers entering Manitoba. Partially vaccinated or unvaccinated domestic travellers are required to self-isolate.</p> <p>Travel to and from northern Manitoba is restricted, with exceptions for those who are fully vaccinated, those who are travelling directly to cottages, provincial parks, campgrounds or hunting and fishing lodges, and other specific exceptions.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to Manitoba provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>

**Traveller self-isolation required?**

**Travel restrictions?**

<p><b>Ontario</b></p>	<p>No self-isolation required for domestic travellers entering Ontario.</p> <p>No self-isolation upon entering Ontario for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Ontario, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Ontario.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to Ontario provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<p><b>Quebec</b> <sup>4</sup></p>	<p>Travellers entering <a href="#">Nunavik</a> and <a href="#">James Bay</a> may be required to self-isolate.</p> <p>No self-isolation required for all other domestic travellers entering Quebec.</p> <p>No self-isolation upon entering Quebec for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Quebec, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>Travel to Nunavik and James Bay is restricted to essential travel only.</p> <p>No other travel restrictions for domestic travellers entering Quebec.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to Quebec provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<p><b>New Brunswick</b></p>	<p>No self-isolation required for all domestic travellers entering New Brunswick.</p> <p>No self-isolation upon entering New Brunswick for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering New Brunswick, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering New Brunswick.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to New Brunswick provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<p><b>Nova Scotia</b> <sup>5, 6, 7</sup></p>	<p><b>Until February 13:</b></p> <p>Domestic travellers entering Nova Scotia from all provinces and territories must follow self-isolation protocol dependent on vaccination status: 2 doses at least 14 days before arrival = no self-isolation; 1 or 0 doses = 7-day self-isolation and 2 negative tests. Children under 12 travelling domestically are required to follow same isolation protocol as the least vaccinated adult they are travelling with.</p> <p><b>As of February 14:</b></p> <p>No self-isolation required for all domestic travellers entering Nova Scotia.</p> <p>No self-isolation upon entering Nova Scotia for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Nova Scotia, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p><b>Until February 13:</b></p> <p>No travel restrictions for domestic travellers entering Nova Scotia from all provinces and territories, but they must complete the <a href="#">Safe Check-in Form</a> and refer to the self-isolation protocol dependent on vaccine status.</p> <p><b>As of February 14:</b></p> <p>No travel restrictions for domestic travellers entering Nova Scotia.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to Nova Scotia provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<p><b>Prince Edward Island</b> <sup>8, 9</sup></p>	<p>All fully vaccinated travellers entering Prince Edward Island with a <a href="#">PEI pass</a> will be required to self-isolate for 4 days. Travellers entering the province will be given two rapid tests and will be required to complete the tests on day 2 and day 4. If both tests are negative, or a day 4 negative PCR test is received from a Health PEI testing clinic, that individual can leave isolation.</p> <p>Unvaccinated or partially vaccinated PEI residents and Canadian visitors entering Prince Edward Island from any province or territory are required to complete a <a href="#">declaration form</a> and self-isolate for 8 days, with testing at point of entry and on day 8.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can enter Prince Edward Island provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>Travel to or from Prince Edward Island to participate in organized activities or arts and culture-related gatherings is not permitted.</p> <p>Residents of Prince Edward Island are advised to avoid non-essential out-of-province travel.</p> <p>All Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a <a href="#">PEI Pass</a>. A <a href="#">PEI Pass</a> will only be issued to individuals who have received their second dose of an approved vaccine at least 14 days prior.</p> <p><a href="#">Fully vaccinated</a> foreign nationals who have a <a href="#">PEI Pass</a> can travel to Prince Edward Island provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<p><b>Newfoundland and Labrador</b> <sup>10</sup></p>	<p><b>As of February 5:</b></p> <p>All fully vaccinated travellers entering Newfoundland &amp; Labrador must take 1 <a href="#">COVID-19 rapid test</a> a day for 5 days, starting the day of arrival (tests are provided free of charge). They are not required to self-isolate.</p> <p>The province's definition of fully vaccinated <a href="#">includes specific allowance</a> for people with vaccines not authorized by Health Canada or the World Health Organization (WHO) but these vaccines <b>must be followed by one dose of a COVID-19 mRNA vaccine</b> authorized by Health Canada at least 14 days before arriving in the province.</p> <p>Partially vaccinated or unvaccinated travellers must self-isolate until they receive a negative PCR test on day 7 or later, and are then subject to <a href="#">modified self-isolation</a> for the remainder of the 14-day period. Mixed groups of vaccinated, partially vaccinated and/or unvaccinated adult travellers must follow the rules for unvaccinated travellers.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can enter Newfoundland &amp; Labrador provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p>	<p>All Canadians are permitted to enter Newfoundland and Labrador. All travellers can complete the <a href="#">Travel Form</a> up to 30 days prior to their travel date.</p> <p><a href="#">Fully vaccinated</a> foreign nationals who have submitted the <a href="#">Travel Form</a> up to 30 days prior to their travel date can travel to Newfoundland and Labrador provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>
<p><b>Yukon</b> <sup>11, 12</sup></p>	<p>No self-isolation required for domestic travellers entering Yukon.</p> <p>No self-isolation upon entering Yukon for <a href="#">fully vaccinated</a> foreign nationals provided that they meet specific <a href="#">entry and testing requirements</a>. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Yukon, but must follow <a href="#">strict public health measures</a> that include avoiding crowded settings.</p> <p>The Government of Canada has <a href="#">specific guidelines</a> for driving to or from Alaska through Canada. Read the State of Alaska's <a href="#">health guidance for travellers during the COVID-19 pandemic</a>.</p>	<p>As of January 18, domestic travellers entering or returning to Yukon are recommended by the Yukon's Chief Medical Officer of Health to self-monitor for symptoms of COVID-19 and self-isolate when sick.</p> <p>As of January 26, travellers should avoid travel between communities, and from communities to Whitehorse, until further notice. Travellers are asked to follow <a href="#">these guidelines</a> if they must travel to Yukon communities.</p> <p><a href="#">Fully vaccinated</a> foreign nationals can travel to Yukon provided that they meet specific <a href="#">entry and testing requirements</a>. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p>

### Traveller self-isolation required?

### Travel restrictions?

#### Northwest Territories <sup>13, 14</sup>

No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 8.

Mandatory 10-day self-isolation for partially vaccinated and unvaccinated admitted travellers, with the option to end self-isolation early on Day 8 with a negative COVID-19 test. Partially vaccinated children under 12 years old may be [exempt from self-isolation](#) based on when they received their most recent dose.

All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

No self-isolation upon entering the Northwest Territories for [fully vaccinated](#) foreign nationals provided that they meet specific [entry and testing requirements](#) and who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer.

[Fully vaccinated](#) foreign nationals may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator provided that they meet specific [entry and testing requirements](#). Fully vaccinated foreign nationals must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

#### Nunavut <sup>15, 16</sup>

No isolation required for travellers to Nunavut who are fully vaccinated and who have a Nunavut proof of vaccination certificate. Mandatory 10-day isolation for all other admitted travellers prior to boarding a plane to Nunavut except those travelling directly from Churchill, Manitoba.

Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife.

Unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 10 days in Nunavut rather than at a government-designated site outside of the territory.

No self-isolation upon entering Nunavut for [fully vaccinated](#) foreign nationals provided that they meet specific [entry and testing requirements](#) and are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 10-day self-isolation requirement.

As of January 24, travel to Igloolik is restricted to essential traffic only.

Non-essential travel to all communities is strongly discouraged.

Entry into Nunavut requires authorization from the territory's Chief Public Health Officer with an exception for travellers who are fully vaccinated and have a Nunavut proof of vaccination certificate. Authorization may be granted for: residents who are not fully vaccinated, critical workers, those travelling within the Common Travel Area of Churchill, Manitoba, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan.

[Fully vaccinated](#) foreign nationals may be authorized to travel to Nunavut provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Most Parks Canada places are open and welcoming visitors with adjustments to access and services. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: <https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-info#locations>

Most provinces and territories have implemented a framework to guide reopening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of February 9, 2022. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

## Tourism Related Measures

	Current Phase/Stage	Hotels & Accommodation	Restaurants & Dining	Activities & Attractions	Large Gatherings/ Conferences
<b>British Columbia</b> 17, 18, 19	<p>Proof of full vaccination via the BC Vaccine Card is required for people aged 12 and older to access events of <b>all sizes</b>, as well as some services and businesses. See the full list <a href="#">here</a>.</p> <p>Masks are mandatory throughout British Columbia in indoor public spaces for anyone aged 5 and older.</p>	<p>People aged 12 and older must be fully vaccinated to attend indoor personal gatherings at vacation rentals, which is limited to household members plus a maximum 10 guests or one additional household.</p>	<p>Proof of full vaccination via the BC Vaccine Card is required for people aged 12 and older to access all restaurants, cafes and pubs. Patrons are required to remain seated with a maximum 6 people per table.</p> <p>Bars, nightclubs and lounges that do not offer food services are closed.</p>	<p>Proof of full vaccination via the BC Vaccine Card is required for people aged 12 and older to access events of <b>all sizes</b>, as well as some services and businesses. See the full list <a href="#">here</a>.</p> <p>Indoor events at venues are limited to 50% capacity. This includes concerts, movie theatres, performance spaces and sports events.</p>	<p>Proof of full vaccination via the BC Vaccine Card is required for people aged 12 and older to access events of <b>all sizes</b>, as well as some services and businesses. See the full list <a href="#">here</a>.</p> <p>People aged 12 and older must be fully vaccinated to attend indoor personal gatherings, which is limited to household members plus 10 guests or 1 additional household. There are no restrictions for outdoor personal gatherings.</p> <p>All indoor organized gatherings of any size are not allowed. Outdoor organized seated gatherings can have a capacity of 5,000 or 50% capacity, whichever is greater.</p> <p>Indoor events at venues are limited to 50% capacity. This includes conferences and meeting spaces. Fairs, festivals and trade shows must have a COVID-19 safety plan in place.</p>
<b>Alberta</b> <sup>20</sup>	<p>Masks are mandatory in all indoor public spaces and on public transit.</p> <p><b>As of February 9:</b> The Restrictions Exemption Program is removed, along with most associated restrictions.</p> <p><b>As of February 14:</b> Mandatory mask restrictions are removed in all settings for children under age 12.</p>	<p><b>As of February 9:</b> Capacity limits have been removed; accommodations can resume regular operations.</p>	<p><b>As of February 9:</b> The Restrictions Exemption Program has been removed.</p> <p>Restrictions that remain: limit of 10 people per table; no interactive activities; liquor service ends at 11pm and consumption at 12:30am.</p>	<p><b>As of February 9:</b> The Restrictions Exemption Program has been removed.</p> <p>Large facilities and entertainment venues are limited to maximum 50% capacity if the venue seats more than 1,000 people and maximum 500 capacity if the venue seats between 500 and 1,000 people. Food and beverages are now allowed in seats. Venues under 500 people have no capacity restrictions.</p>	<p>Indoor private social gatherings are limited to maximum 10 people 18 and older. There are no limits on people 17 and under if accompanied by their parent or guardian; if attending gatherings by themselves, people 17 and under will count towards the maximum limit of 10 people.</p> <p>Outdoor private social gatherings are limited to maximum 20 people, with 2-metre physical distancing between households at all times.</p> <p><b>Outdoor public gatherings:</b> Events and facilities that are fully outdoors (excluding washrooms) have no capacity restrictions but people must maintain 2-metre physical distancing between households or 2 close contacts for those living alone.</p>
<b>Saskatchewan</b> 21, 22	<p><b>Until February 13:</b> Proof of <a href="#">full vaccination</a> or a privately-paid-for negative COVID-19 test taken within 72 hours is required for people aged 12 and older to access some businesses and event venues. Indoor public gatherings in community halls, conference spaces, and within government and Inuit organization facilities can have up to 25 people or 25% capacity, whichever is less. Outdoor gatherings can have up to 25 people.</p>

## 2. METHODOLOGICAL NOTES

**I. Travel-Related Measures:** In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
