

COVID-19 Impact and Recovery Report: Travel-Related Measures

Updated: February 24, 2022

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

- Travel-Related Measures:** A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada’s website: <https://caen-keepexploring.canada.travel/covid-19-traveller-guidance>
- Methodological Notes:** An explanation of the methodologies in the different sections and relevant sources.

1. TRAVEL-RELATED MEASURES

Please consult the Government of Canada website for the latest federal travel requirements: <https://travel.gc.ca/travel-covid>. Below is a summary of recent updates to federal travel requirements and advice:

- Until February 28:** A molecular test taken 72 hours prior to a scheduled flight or planned entry (via land or sea) is required for all travellers entering Canada, regardless of the length of trip. In addition, all fully vaccinated travellers arriving by air, including Canadian citizens and permanent residents, may be subject to arrival testing. Fully vaccinated travellers will be required to quarantine while they await the results of their arrival test if they have been outside of Canada or the US in the last 14 days.
As of February 28: A rapid antigen test taken 24 hours prior to a scheduled flight or a molecular test taken 72 hours prior to a scheduled flight or planned entry (via land or sea) is required for all travellers entering Canada, regardless of the length of trip. Fully vaccinated travellers may be randomly selected for testing upon arrival, but will no longer be required to quarantine while awaiting their test result.
- Until February 28:** The Public Health Agency of Canada is advising travellers, regardless of their vaccination status, to avoid non-essential travel internationally.
As of February 28: The Public Health Agency of Canada is lifting its advisory to avoid non-essential travel internationally.
- Travellers aged 12 years and older, with very limited exceptions, are required to show their [Canadian COVID-19 proof of vaccination](#) to depart from Canadian airports, on VIA Rail and Rocky Mountaineer trains, and on non-essential passenger vessels (e.g. cruise ships) on voyages of 24 hours or more departing from ports in Canada. To qualify as fully vaccinated, travellers must have received the full series of an accepted COVID-19 vaccine (or a full series of a combination of accepted vaccines), with the last dose at least 14 full days prior to the date of travel.

In addition to federal government travel requirements, individual provinces and territories have implemented measures on travel between provinces and territories. The table below outlines self-isolation requirements for domestic and foreign travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information, collected by provincial and territorial tourism marketing authorities and relevant tourism departments, is current as of February 24, 2022.

Travel Measures

	Traveller self-isolation required?	Travel restrictions?
British Columbia 1	<p>No self-isolation for domestic travellers entering British Columbia.</p> <p>No self-isolation upon entering British Columbia for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements.</p> <p>Until February 28: Unvaccinated children under 12 years of age of fully vaccinated foreign national travellers are not required to quarantine upon entering British Columbia, but must follow strict public health measures that include avoiding crowded settings.</p> <p>As of February 28: Additional public health measures limiting activities for unvaccinated children under 12 years of age of fully vaccinated foreign nationals will no longer be required.</p>	<p>No travel restrictions for domestic travellers entering British Columbia. Traveller self-isolation required?

Travel restrictions?

Prince Edward Island ^{8, 9, 10}

Until February 28:

No self-isolation for fully vaccinated domestic travellers entering Prince Edward Island, and unvaccinated children under 12 years of age travelling with fully vaccinated adults, with rapid testing on entry and days 2 and 4.

Unvaccinated or partially vaccinated domestic travellers are required to self-isolate for 8 days, with testing.

[Fully vaccinated](#) foreign nationals can enter Prince Edward Island provided that they meet specific [entry and testing requirements](#). Unvaccinated children under 12 years of age of fully vaccinated foreign nationals are not required to quarantine upon entering Prince Edward Island, but must follow [strict public health measures](#) that include avoiding crowded settings.

As of February 28:

No self-isolation required for domestic travellers entering Prince Edward Island, with rapid testing on entry and days 2 and 4.

No self-isolation for [fully vaccinated](#) foreign nationals entering Prince Edward Island provided that they meet specific [entry and testing requirements](#), with rapid testing on entry and on days 2 and 4. Additional public health measures limiting activities for unvaccinated children under 12 years of age of fully vaccinated foreign nationals will no longer be required.

Newfoundland and Labrador ¹¹

Until February 28:

All fully vaccinated travellers entering Newfoundland & Labrador must take 1 [COVID-19 rapid test](#) a day for 5 days, starting the day of arrival (tests are provided free of charge). They are not required to self-isolate.

The province's definition of fully vaccinated [includes specific allowance](#) for people with vaccines not authorized by Health Canada or the World Health Organization (WHO) but these vaccines **must be followed by one dose of a COVID-19 mRNA vaccine** authorized by Health Canada at least 14 days before arriving in the province.

Partially vaccinated or unvaccinated travellers must self-isolate until they receive a negative PCR test on day 7 or later, and are then subject to [modified self-isolation](#) for the remainder of the 14-day period. Mixed groups of vaccinated, partially vaccinated and/or unvaccinated adult travellers must follow the rules for unvaccinated travellers.

[Fully vaccinated](#) foreign nationals can enter Newfoundland & Labrador provided that they meet specific [entry and testing requirements](#). Unvaccinated children under 12 years of age of fully vaccinated travellers must follow [strict public health measures](#) that include avoiding crowded settings.

As of February 28:

No self-isolation required for domestic travellers entering Newfoundland and Labrador.

[Fully vaccinated](#) foreign nationals can enter Newfoundland & Labrador provided that they meet specific [entry and testing requirements](#). Unvaccinated children under 12 years of age of fully vaccinated foreign nationals are not required to quarantine upon entering Newfoundland and Labrador. Additional public health measures limiting activities for unvaccinated children under 12 years of age of fully vaccinated foreign nationals will no longer be required.

Yukon ^{12, 13}

No self-isolation required for domestic travellers entering Yukon.

No self-isolation upon entering Yukon for [fully vaccinated](#) foreign nationals provided that they meet specific [entry and testing requirements](#).

The Government of Canada has [specific guidelines](#) for driving to or from Alaska through Canada. Read the State of Alaska's [health guidance for travellers during the COVID-19 pandemic](#).

Until February 28:

Unvaccinated children under 12 years of age of fully vaccinated foreign nationals are not required to quarantine upon entering Yukon, but must follow [strict public health measures](#) that include avoiding crowded settings.

As of February 28:

Additional public health measures limiting activities for unvaccinated children under 12 years of age of fully vaccinated foreign nationals will no longer be required.

Until February 28:
All Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a [PEI Pass](#). A [PEI Pass](#) will only be issued to individuals who have received their second dose of an approved vaccine at least 14 days prior.

[Fully vaccinated](#) foreign nationals who have a [PEI Pass](#) can travel to Prince Edward Island provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

As of February 28:

No travel restrictions for domestic travellers entering Prince Edward Island.

[Fully vaccinated](#) foreign nationals can travel to Prince Edward Island provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Until February 28:

All Canadians are permitted to enter Newfoundland and Labrador. All travellers can complete the [Travel Form](#) up to 30 days prior to their travel date.

[Fully vaccinated](#) foreign nationals who have submitted the [Travel Form](#) up to 30 days prior to their travel date can travel to Newfoundland and Labrador provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

As of February 28:

No travel restrictions for domestic travellers entering Newfoundland and Labrador.

[Fully vaccinated](#) foreign nationals can travel to Newfoundland and Labrador provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Domestic travellers entering or returning to Yukon are recommended by the Yukon's Chief Medical Officer of Health to self-monitor for symptoms of COVID-19 and self-isolate when sick.

Travellers should avoid travel between communities, and from communities to Whitehorse, until further notice. Travellers are asked to follow [these guidelines](#) if they must travel to Yukon communities.

[Fully vaccinated](#) foreign nationals can travel to Yukon provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Traveller self-isolation required?

Travel restrictions?

Northwest Territories ^{14, 15}

No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 8.

Mandatory 10-day self-isolation for partially vaccinated and unvaccinated admitted travellers, with the option to end self-isolation early on Day 8 with a negative COVID-19 test. Partially vaccinated children under 12 years old may be [exempt from self-isolation](#) based on when they received their most recent dose.

All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

No self-isolation upon entering the Northwest Territories for [fully vaccinated](#) foreign nationals provided that they meet specific [entry and testing requirements](#) and who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer.

[Fully vaccinated](#) foreign nationals may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator provided that they meet specific [entry and testing requirements](#). Fully vaccinated foreign nationals must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Nunavut ^{16, 17}

No isolation required for travellers to Nunavut who are fully vaccinated and who have a Nunavut proof of vaccination certificate. Mandatory 10-day isolation for all other admitted travellers prior to boarding a plane to Nunavut except those travelling directly from Churchill, Manitoba.

Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife.

Unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 10 days in Nunavut rather than at a government-designated site outside of the territory.

No self-isolation upon entering Nunavut for [fully vaccinated](#) foreign nationals provided that they meet specific [entry and testing requirements](#) and are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 10-day self-isolation requirement.

As of February 21:
Non-essential travel to Arctic Bay, Pangnirtung, Iqaluit, Rankin Inlet, Coral Harbour, Sanikiluaq, Cambridge Bay, Kugaaruk, Resolute Bay, Taloyoak, Igloolik, and Pond Inlet is strongly discouraged.

Entry into Nunavut requires authorization from the territory's Chief Public Health Officer with an exception for travellers who are fully vaccinated and have a Nunavut proof of vaccination certificate. Authorization may be granted for: residents who are not fully vaccinated, critical workers, those travelling within the Common Travel Area of Churchill, Manitoba, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan.

[Fully vaccinated](#) foreign nationals may be authorized to travel to Nunavut provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Most Parks Canada places are open and welcoming visitors with adjustments to access and services. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: <https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-info#locations>

Most provinces and territories have implemented a framework to guide reopening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of February 24, 2022. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

Tourism Related Measures

	Current Phase/Stage	Hotels & Accommodation	Restaurants & Dining	Activities & Attractions	Large Gatherings/ Conferences
British Columbia 18, 19, 20	<p>Proof of full vaccination via the BC Vaccine Card is required for people aged 12 and older to access some events, services and businesses. Outdoor gatherings can have up to 25 people.</p>

2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
